

Purposefully intense, fun and inspiring

# **Liberating Structures Festival**

Let's transform our interactions and take a crack at our most complex problems with seriously playful curiosity!

Do you work in/with social purpose organisations and believe something more is possible? Do you also think that unleashing people's intelligence, imagination, and creativity requires a subtle-yet-radical change in how we collaborate?

Then join our Festival happening in the week of October 7-11, 2019 at the IGLUU, The Hague, The Netherlands
